(1) The Indexed Property Valuation is the historical property valuation, indexed using the latest House Price Index (May 2015 for June 2015) with a 15% discount applied to the uplift in valuation. 100% of any valuation decrease is applied.				
(2a) Up to and including November 2011, properties were indexed using the ESRI/PTSB house price index. This index has been discontinued with the last published index being for Quarter 4 2010. A new index, compiled by the CSO, has since been adopted through Regulatory Notice in December 2011.				
(2b) In June 2015, the CSO index showed a national peak to trough fall in house prices of 37.5% and a fall of 38.1% & 40.8% in Dublin and outside Dublin respectively.				
(3) Seasoning is measured by reference to the opening date of loan accounts, which are set up on the advance of new mortgage loans, on further advances and on changes to the terms of existing mortgages resulting in the amalgamation of existing loan accounts into new loan accounts				
(4)The above 111,356 loan accounts were secured on 99,154 properties; there may be more than one loan account against a property
