## Country by Country Reporting

### Basis of disclosure

The disclosures contained in this report have been prepared in accordance with Country by Country Reporting requirements under the Capital Requirements Directive ("CRD IV") which have been transposed into Irish legislation as Regulation 77 of Statutory Instrument 158 of 2014 ("Regulation 77") as at 31 December 2018.

Regulation 77 requires each institution (credit institutions and investment firms) to disclose annually, specifying, by Member State and by third country in which it has an establishment, the following information on a consolidation basis for the financial year:

#### (a) Name(s), nature of activities and geographical location;

This information is provided, based on locations of operations of the parent and subsidiary companies of the Group.

#### (b) Turnover;

Turnover is reported on a consolidated basis for each country. The geographical distribution of turnover is based primarily on the location of the office recording the transaction.

#### (c) Number of employees on a full time equivalent basis;

The number of employees on a full time equivalent ("FTE") basis is reported as an average number of employees, analysed as to geography.

#### (d) Profit or loss before tax;

Profit before tax is reported on a consolidated basis for each country.

#### (e) Tax on profit or loss; and

Tax on profit or loss, for the purposes of country by country reporting, is interpreted as the corporation tax paid/refunded in each geographical jurisdiction in the year.

#### (f) Public subsidies received.

The definition of 'public subsidies' has been interpreted as direct support by the Government. It does not include central bank operations that are designed for financial stability purposes or operations that aim to facilitate the functioning of the monetary policy transmission.

The following AIB credit institutions in the Republic of Ireland, authorised by the Central Bank of Ireland / Single Supervisory Mechanism, are required to comply with Regulation 77:

- Allied Irish Banks, p.l.c.
- AIB Mortgage Bank
- EBS d.a.c.
- EBS Mortgage Finance

This report fulfils the obligation of these Irish credit institutions in relation to Regulation 77.

For the purposes of this disclosure, Allied Irish Banks, p.l.c. and its subsidiaries are collectively referred to as 'AIB Group'.

These Irish licensed entities are required to file regulatory returns with the Central Bank for the purposes of assessing, inter alia, their capital adequacy and their balance sheets. For AIB Group (UK) p.l.c., regulatory returns are filed with the Prudential Regulatory Authority.

Consolidated financial statements are prepared under International Financial Reporting Standards ("IFRS") for Allied Irish Banks, p.l.c. All subsidiaries are consolidated for both statutory reporting purposes under IFRS and for regulatory reporting, and accordingly, for AIB Group, the regulatory returns and financial statements are similar, other than presentation.

## Country by Country Reporting

### **Independent Auditors' Report to the Directors of Allied Irish Banks, p.l.c., AIB Mortgage Bank, EBS d.a.c. and EBS Mortgage Finance in connection with the Country by Country Report for the financial year ended 31 December 2018.**

#### **Opinion**

We have audited the accompanying consolidated financial information of Allied Irish Banks, p.l.c. (the "Company"), AIB Mortgage Bank, EBS d.a.c. and EBS Mortgage Finance (collectively the "Companies") for the financial year ended 31 December 2018 which comprises the Country by Country Reporting Schedule and the Basis of Disclosure (the "Country by Country Report") as at 31 December 2018. The Country by Country Report has been prepared by the Directors in accordance with Regulation 77 of Statutory Instrument 158, European Union (Capital Requirements) Regulations 2014 (the "Regulations") as outlined in the Basis of Disclosure on page 2 of the Country by Country Report ("Basis of Disclosure").

In our opinion, the Country by Country Report for the financial year ended 31 December 2018 is prepared, in all material respects, in accordance with the Basis of Disclosure.

#### **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (Ireland) (ISAs (Ireland)), including ISA (Ireland) 800 and ISA (Ireland) 805. Our responsibilities under those standards are further described in the Auditor's Responsibility section of our report. We are independent of the Companies in accordance with the ethical requirements that are relevant to our audit of the Country by Country Report in Ireland, which includes IAASA's Ethical Standard as applicable to public interest entities, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Emphasis of Matter – Basis of Disclosure and Restriction on Distribution**

We draw attention to the Basis of Disclosure included on page 2 of the Country by Country Report. The Country by Country Report is prepared to assist the Companies in meeting the requirements of the Regulations. As a result, the Country by Country Report may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

Our report is made solely to the directors as a body. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Companies Directors as a body, for our audit work, for this report or for the opinions we have formed.

#### **Directors' Responsibility for the Country by Country Report**

The Directors are responsible for the preparation of the Country by Country Report in accordance with the Basis of Disclosure described in page 2 of the Country by Country Report, for determining the appropriateness of the Basis of Disclosure and for such internal controls as the Directors determine are necessary to enable the preparation of the Country by Country Report that is free from material misstatement, whether due to fraud or error.

#### **Auditors' Responsibility**

Our objectives are to obtain reasonable assurance about whether the Country by Country Report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (Ireland) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Country by Country Report.

As part of an audit of the Country by Country Report, in accordance with ISAs (Ireland), we exercise professional judgement and maintain professional scepticism through out the audit. We also:

- Identify and assess the risks of material misstatement of the Country by Country Report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit of the Country by Country Report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that the auditor identifies during the audit.
